

CCN 1995-0811

MEMORANDUM OF UNDERSTANDING
FOR
COORDINATED WATER RESOURCE PLANNING
IN THE
ESTANCIA BASIN

This Memorandum of Understanding is an agreement by the Counties of BERNALILLO, SANTA FE, and TORRANCE which provides for the establishment of an organization and process to help coordinate water resource planning in the Estancia Basin. The boundaries of this Basin are generally described as shown on the Estancia Basin map which is attached and made a part of this Memorandum.

WHEREAS, the Estancia Basin is a hydrologically closed drainage basin located predominantly within TORRANCE County and significantly within BERNALILLO and SANTA FE Counties; and

WHEREAS, the ground-water resources of the Estancia Basin are vulnerable to rapid depletion by wells, saline water intrusion of fresh water aquifers, and contamination of recharge waters; and

WHEREAS, there are numerous water user constituencies who are dependent on the renewable, sustainable, and fresh water resources of the Estancia Basin; and

WHEREAS, a basin water planning committee has been established recently by the TORRANCE County Commission and has included participants invited from the BERNALILLO and SANTA FE County areas; and

WHEREAS, regional water planning is being promoted and supported by the New Mexico Interstate Stream Commission, and initial water planning research for the Estancia Basin has been included as part of the regional water planning process of the Middle Rio Grande Council of Governments; and

WHEREAS, the implementation of water resource planning and management shall respect local government sovereignty within the Estancia Basin, and implementation that involves funding must be approved by the affected jurisdiction.

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

SECTION 1. PURPOSE AND OBJECTIVES.

This Memorandum of Understanding is intended to provide for the coordination of water planning activities affecting the Estancia Basin. Such coordination can be accomplished through the efforts of a special-purpose, advisory planning committee representing the water users and governmental jurisdictions of the Estancia Basin.

The general goal for this water planning process is to protect the quality and preserve the quantity of water resources of the Estancia Basin for future generations. Various objectives for achieving this goal include but are not limited to the following:

- A. Develop a geohydrologic model of the Basin in order to characterize ground-water flow and to calculate the basin ground-water supply;
- B. Maintain a categorical inventory of water users in the Basin and continuously forecast the consumptive demands on Basin ground water;
- C. Establish a ground-water monitoring system for collecting data on water table changes, saline water intrusion, and contamination in Basin recharge areas;
- D. Recommend various techniques of land use management for reducing threats to water resources, especially in vulnerable areas;
- E. Initiate and conduct a water resource information and education program designed to increase public knowledge of water laws and regulations, water conservation techniques, and the need to develop contamination prevention policies;
- F. Formulate water resource and conservation management policies for consideration by the various governments with jurisdiction in the Estancia Basin;
- G. Prepare a compilation of forty-year water development plans from all municipalities, counties, and public utilities operating water supply systems within the Estancia Basin; and
- H. Secure the future availability of usable water resources to maintain and sustain existing customary and cultural uses.

SECTION 2. ORGANIZATION.

The Torrance County/Estancia Basin water planning committee initially created by the TORRANCE County Commission, shall be known as the Estancia Basin Water Planning Committee, and shall provide a core group to be expanded with members appointed in accordance with this Memorandum.

Membership on the Estancia Basin Water Planning Committee shall be established by mutual agreement of the County Commissions of BERNALILLO, SANTA FE, and TORRANCE Counties. The Estancia Basin Water Planning Committee shall include thirteen voting members with the addition of various non-voting members. Each member shall represent a specific category of interest and shall be appointed according to the following requirements:

- A. Three County government representatives
 - 1. Each County appoints one member
 - 2. Each member serves a renewable term of three years

- B. Three representatives from the municipal/developer/utility interest group
 - 1. Each County appoints one member
 - 2. Each member serves a renewable term of three years
- C. Three representatives for agricultural enterprise
 - 1. One representative appointed by SANTA FE County
 - 2. Two representatives appointed by TORRANCE County
 - 3. Each member serves a renewable term of three years
- D. Three representatives appointed by the Soil and Water Conservation Districts (SWCD)
 - 1. One representative from Edgewood SWCD
 - 2. One representative from East Torrance SWCD
 - 3. One representative from Claunch-Pinto SWCD
 - 4. Each member serves a renewable term of three years
- E. One citizen-at-large representative
 - 1. Nominated and appointed by the Estancia Basin Water Planning Committee
 - 2. Member serves a renewable term of one year
- F. Various non-voting representatives appointed by State and Federal agencies including but not limited to:
 - 1. N.M. State Engineer Office (required)
 - 2. N.M. State Land Office (optional)
 - 3. NMSU Cooperative Extension Service (optional)
 - 4. Natural Resource Conservation Service (optional)
 - 5. U.S. Forest Service (optional)

SECTION 3. COMMITTEE RESPONSIBILITIES.

The Estancia Basin Water Planning Committee shall perform an advisory role to various governments on matters concerning the water resources of the Estancia Basin. The members of the Estancia Basin Water Planning Committee shall continually develop their knowledge and expertise, as a group, about the water resources of the Estancia Basin.

The major responsibilities of the Estancia Basin Water Planning Committee shall be described as follows:

- A. Promote and participate in water resource planning activities affecting the Estancia Basin;
- B. Establish its own rules of conduct for purposes of holding public meetings and maintaining an active membership;
- C. Collect and compile all available data and information on the water resources of the Estancia Basin. Such data and information will be placed in a water resources library at the TORRANCE County Courthouse;
- D. Maintain communications with the respective Planning Commissions of the Counties of BERNALILLO, SANTA FE, and TORRANCE;
- E. Review and comment on major development proposals impacting water resources as appropriate and by request from any government agency with jurisdiction in the Estancia Basin;
- F. Investigate and recommend water resource management policies and strategies for consideration by the various governments with jurisdiction in the Estancia Basin;

- G. Promote and assist in public education programs about the conservation, preservation, and protection of the waters of the Estancia Basin;
- H. Prepare and submit an annual report to the County Commissions of BERNALILLO, SANTA FE, and TORRANCE Counties to describe the activities and achievements of the Estancia Basin Water Planning Committee; and
- I. Investigate potential future organizational structures based on joint powers agreement, special purpose district, regional authority, or other such arrangement.
- J. When necessary, develop and present alternative funding strategies for implementation with the Estancia Basin, subject to approval by any County whose jurisdiction is affected by such funding.
- K. Report periodically to the Middle Rio Grande Council of Governments for the purpose of maintaining regional coordination and cooperation in water resource planning and management.

SECTION 4. IMPLEMENTATION.

This Memorandum of Understanding will become effective upon the latest date of signature by the participating counties. A consensus regarding the membership of the Estancia Basin Water Planning Committee shall be reached within 60 days of the effective date of this Memorandum.

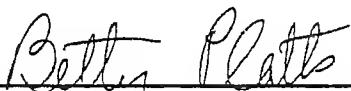

This Memorandum may be modified at any time by mutual consent of the participating counties. Any party to this Memorandum may withdraw by action of the respective County Commission.

**AMENDMENT TO THE
MEMORANDUM OF UNDERSTANDING
FOR
COORDINATED WATER RESOURCE PLANNING
IN THE
ESTANCIA BASIN**

This Amendment to the Memorandum of Understanding is made by and between the Counties of Bernalillo, Santa Fe, and Torrance to provide funding in fiscal year 2004 for activities of the Estancia Basin Water Planning Committee for coordination of water resource planning in the Estancia Basin.

WHEREAS, in 1995, the parties entered into an Memorandum of Understanding for coordinated water resource planning in the Estancia Basin;

WHEREAS, the 1995 agreement established the Estancia Basin Water Planning Committee to advise the parties and others concerning water resource planning in the Estancia Basin;

WHEREAS, regional water planning is being promoted and supported by the New Mexico Interstate Stream Commission, and initial water planning research for the Estancia Basin has been included as part of the regional water planning process of the Middle Rio Grande Council of Governments; and

WHEREAS, Santa Fe County has agreed to provide funding in the fiscal year 2004 to assist the Estancia Basin Water Planning Committee to coordinate water planning activities in the Estancia Basin.

SECTION 1. PURPOSE AND OBJECTIVES.

This Amendment to the Memorandum of Understanding is intended to provide some funding for the coordination of water planning activities affecting the Estancia Basin. Such coordination will be accomplished through the efforts of the Estancia Basin Water Planning Committee (EBWPC).

The general goal for this water planning process is to protect the quality and preserve the quantity of water resources of the Estancia Basin for future generations. Various objectives for achieving this goal are outlined in the MOU between the Counties of Bernalillo, Santa Fe, and Torrance for coordinated resource planning in the Estancia Basin, attached as Exhibit A.

SECTION 2. FUNDING.

In order to assist with the general workings and operation of the Estancia Basin Water Planning Committee, Santa Fe County shall provide funding to the Estancia Basin Water Planning Committee through Torrance County for Fiscal Year 2004 in the amount of Ten Thousand Dollars (\$10,000). This funding shall be used for administrative support, office supplies, information and education, and approved activities of Estancia Basin Water Planning Committee.

Upon receipt of invoices for services rendered and approved by the Utilities Department of County of Santa Fe, payment of invoices will be made within 30 days.

SECTION 3. IMPLEMENTATION.

This Memorandum of Understanding will become effective upon the latest date of signature by the respective parties.

This Memorandum may be modified at any time by mutual consent of the participating parties.

Contract #21-194

MEMORANDUM OF UNDERSTANDING
FOR
COORDINATED WATER RESOURCE PLANNING
IN THE
ESTANCIA BASIN

This Memorandum of Understanding is an agreement with the County of Santa Fe through the Santa Fe County Utilities Division and the Estancia Basin Water Planning Committee which provides for process to help coordinate water resource planning in the Estancia Basin.

WHEREAS, the Estancia Basin is a hydrologically closed drainage basin located predominantly within TORRANCE County and significantly within BERNALILLO and SANTA FE Counties; and

WHEREAS, the ground-water resources of the Estancia Basin are vulnerable to rapid depletion by wells, saline water intrusion of fresh water aquifers, and contamination of recharge waters; and

WHEREAS, there are numerous water user constituencies who are dependent on the renewable, sustainable, and fresh water resources of the Estancia Basin; and

WHEREAS, a basin water planning committee has been established by BERNALILLO, SANTA FE AND TORRANCE Counties through a Memorandum of Understanding signed by all parties in 1995 which is enclosed as Exhibit A; and

WHEREAS, regional water planning is being promoted and supported by the New Mexico Interstate Stream Commission, and initial water planning research for the Estancia Basin has been included as part of the regional water planning process of the Middle Rio Grande Council of Governments; and

WHEREAS, the implementation of water resource planning and management shall respect local government sovereignty within the Estancia Basin, and implementation that involves funding must be approved by the affected jurisdiction.

SECTION 1. PURPOSE AND OBJECTIVES.

This Memorandum of Understanding is intended to provide for the coordination of water planning activities affecting the Estancia Basin. Such coordination will be accomplished through the efforts of a special-purpose, advisory planning committee, known as the Estancia Basin Water Planning Committee (EBWPC).

The general goal for this water planning process is to protect the quality and preserve the quantity of water resources of the Estancia Basin for future generations. Various objectives for achieving this goal include but are not limited to the following:

- A. Develop a geohydrologic model of the Basin in order to characterize ground-water flow and to calculate the basin ground-water supply;
- B. Maintain a categorical inventory of water users in the Basin and continuously forecast the consumptive demands on Basin ground water;
- C. Establish a ground-water monitoring system for collection data on water table changes, saline water intrusion, and contamination in Basin recharge areas;
- D. Recommend various techniques of land use management for reducing threats to water resources, especially in vulnerable areas;
- E. Initiate and conduct a water resource information and education program designed to increase public knowledge of water laws and regulations, water conservation techniques, and the need to develop contamination prevention policies;
- F. Formulate water resource and conservation management policies for consideration by the various governments with jurisdiction in the Estancia Basin;
- G. Prepare a compilation of forty-year water development plans from all municipalities, counties, and public utilities operating water supply systems within the Estancia Basin; and
- H. Secure the future availability of usable water resources to maintain and sustain existing customary and cultural uses.

SECTION 2. FUNDING.

In order to promote the general workings and operation of the Estancia Basin Water Planning Committee, Santa Fe County Utilities Division shall provide funding to the Torrance County/Estancia Basin Water Planning Committee in the Fiscal Year 2001 – 02, not to exceed the amount of \$10,000. This funding shall be used for administration support, office supplies, information and education of Estancia Basin Water Planning Committee Board approved activities.

Payment will be made within 30 days, upon receipt of invoice for services rendered and accepted by the County of Santa Fe.

SECTION 3. COMMITTEE RESPONSIBILITIES.

The Estancia Basin Water Planning Committee shall perform an advisory role to various governments on matters concerning the water resources of the Estancia Basin. The members of the Estancia Basin Water Planning Committee shall continually develop their knowledge and expertise, as a group, about the water resources of the Estancia Basin.

The major responsibilities of the Estancia Basin Water Planning Committee shall be described as follows:

- A. Promote and participate in water resource planning activities affecting the Estancia Basin;
- B. Establish its own rules of conduct for purposes of holding public meetings and maintaining an active membership;
- C. Collect and compile all available data and information on the water resources of the Estancia Basin. Such data and information will be placed in a water resources library at the TORRANCE County Courthouse;
- D. Maintain communications with the respective Planning Commissions of the Counties BERNALILLO, SANTA FE, and TORRANCE;
- E. Review and comment on major development proposals impacting water resources as appropriate and by request from any government agency with jurisdiction in the Estancia Basin;
- F. Investigate and recommend water resource management policies and strategies for consideration by the various governments with jurisdiction in the Estancia Basin;
- G. Promote and assist in public education programs about the conservation, preservation, and protection of the waters of the Estancia Basin;
- H. Prepare and submit an annual report to the County Commissions of BERNALILLO, SANTA FE, and TORRANCE Counties to describe the activities and achievements of the Estancia Basin Water Planning Committee; and
- I. Investigate potential future organizational structures based on joint powers agreement, special purpose district, regional authority, or other such arrangement;
- J. When necessary, develop and present alternative funding strategies for implementation with the Estancia Basin, subject to approval by any County whose jurisdiction is affected by such funding.
- K. Report periodically to the Middle Rio Grande Council of Governments for the purpose of maintaining regional coordination and cooperation in water resource planning and management.

SECTION 4. IMPLEMENTATION.

This Memorandum of Understanding will become effective upon the latest date of signature by the respective parties.

This Memorandum may be modified at any time by mutual consent of the participating parties.

Re: Coordinated Water Resource Planning in the Estancia Basin, Amendment Two

Dear Mr. Sayre:

I am transmitting four (4) originals of Amendment No. 2 to the Memorandum of Understanding for Coordinated Water Resource Planning in the Estancia Basin. This document addresses the funding of water planning activities for Estancia Basin for FY 2005 and provides the mechanism for Santa Fe County to provide funding in the amount of \$20,000 through Torrance County.

The originals have been signed by the required representatives from Bernalillo County, Torrance County, and the Estancia Basin Water Planning Committee. I believe that a signature by the Santa Fe County Manager is needed, as well as review and signature by the Santa Fe County Finance Department and the Office of the County Attorney.

Please obtain the signatures and route the originals back to Diedre Tarr with the Estancia Basin Water Planning Committee:

Re: Amendment Three to the MOU for the Estancia Basin Planning Committee

Dear Doug:

I am transmitting three (3) executed copies of the referenced amendment to the MOU. The only signature lacking is the Santa Fe County Finance Department. I'm presuming that Santa Fe Finance wants to be the last signator to the agreement preparatory to releasing the funds.

After getting the signature, if you could send back one of the originals for our finals, I would appreciate it. We need at least one original in order to close out our contracts file on this matter.

Thanks,

Daniel L. McGregor

Dear Daniel:

Re: Amendment Three to the MOU for the Estancia Basin Water Planning Committee

Finally, enclosed is the Amendment No 3 to the MOU, signed by all parties, for your files. Please file as required.

For your information, Santa Fe County will provide funds under this MOU Amendment to EBWPC on a reimbursement basis. EBWPC should provide a billing which includes invoices to support their funding reimbursement request to the Water/Wastewater Operations Section and we will endeavor to process the payment as rapidly as possible.

Respectfully,

Douglas Sayre

AMENDMENT NO. THREE TO THE
MEMORANDUM OF UNDERSTANDING
FOR
COORDINATED WATER RESOURCE PLANNING
IN THE
ESTANCIA BASIN

This Amendment to the Memorandum of Understanding is made by and between the Counties of Bernalillo, Santa Fe, and Torrance to provide funding in fiscal year 2008 for activities of the Estancia Basin Water Planning Committee for coordination of water resource planning in the Estancia Basin.

WHEREAS, in 1995, the parties entered into an Memorandum of Understanding for coordinated water resource planning in the Estancia Basin;

WHEREAS, the 1995 agreement established the Estancia Basin Water Planning Committee to advise the parties and others concerning water resource planning in the Estancia Basin;

WHEREAS, regional water planning is being promoted and supported by the New Mexico Interstate Stream Commission, and initial water planning research for the Estancia Basin has been included as part of the regional water planning process of the Middle Rio Grande Council of Governments; and

WHEREAS, Santa Fe County has agreed to provide funding in the fiscal year 2008 to assist the Estancia Basin Water Planning Committee to coordinate water planning activities in the Estancia Basin.

SECTION 1. PURPOSE AND OBJECTIVES.

This Amendment to the Memorandum of Understanding is intended to provide some funding for the coordination of water planning activities affecting the Estancia Basin. Such coordination will be accomplished through the efforts of the Estancia Basin Water Planning Committee (EBWPC).

The general goal for this water planning process is to protect the quality and preserve the quantity of water resources of the Estancia Basin for future generations. Various objectives for achieving this goal are outlined in the MOU between the Counties of Bernalillo, Santa Fe, and Torrance for coordinated resource planning in the Estancia Basin, attached as Exhibit A.

SECTION 2. FUNDING.

In order to assist with the general workings and operation of the Estancia Basin Water Planning Committee, Santa Fe County shall provide funding to the Estancia Basin Water Planning Committee through Torrance County for Fiscal Year 2008 in the amount of Nineteen Thousand Five Hundred Dollars (\$19,500). This funding shall be used for administrative support, office supplies, information and education, water well data acquisition and water quality monitoring, and approved activities of Estancia Basin Water Planning Committee.

Upon receipt of invoices for services rendered and approved by the Water/Wastewater Operations Section of the Public Works Division of County of Santa Fe, payment of invoices will be made within 30 days.

SECTION 3. IMPLEMENTATION.

This Memorandum of Understanding will become effective upon the latest date of signature by the respective parties.

This Memorandum may be modified at any time by mutual consent of the participating parties.
